

# UPDATE CORONAVIRUS (COVID-19)

Stay informed. Take precautions. Stay safe.

MassMAP has reached out to us to assist in their efforts toward situational awareness of all assisted living communities. As you receive your daily HAN (Health Alert Network) update, we encourage you to use that as a reminder to provide your MassMAP report. Please make every effort to provide a daily report by noon each day.

As things move forward during the evolution of this emergency situation, it will be critical for them to be aware of which communities may need assistance and which communities may be able to provide assistance. As of today, they have 156 MassMAP Assisted Living Community members and 20 Non-MassMAP members who have reported. Let's assist them in their efforts to assist us.

Below is a quick reference guide for you to use if you need information on how to conduct your daily Emergency Reporting.
