

UPDATE CORONAVIRUS (COVID-19)

Stay informed. Take precautions. Stay safe.

Dear Members,

OSHA (Occupational Safety and Health Administration) has issued a news release to assist employers in providing safe and healthful workplaces for their employees as we continue to deal with the effects of the COVID-19 pandemic. <https://content.govdelivery.com/accounts/USDOL/bulletins/28ba1a9>

While the alert lists safety tips for employers to follow in the long-term care industry, the measures may be applicable in the assisted living setting, as well. Also included in the news release are resources that provide additional information on workplace safety, such as [CDC Strategies to Optimize the Supply of PPE and Equipment](#) [CDC recommendations for optimization of PPE supplies](#) and [Guidance on Preparing Workplaces for COVID-19](#).

Mass-ALA is pleased to provide this valuable information to members as we continue to support, encourage, and applaud the tremendous effort being put forth by assisted living staff across the Commonwealth in keeping their communities safe.

Please contact us if you have any questions at, MassALA@mass-ala.org

**The information provided in this COVID 19 update is solely for general informational purposes to assist in understanding the evolving guidance regarding the current COVID 19 public health threat. It is not intended to be a primary public health or medical resource, but is provided as a clearinghouse for or compilation of various guidance issued by official and related sources.*
