

UPDATE CORONAVIRUS (COVID-19)

Stay informed. Take precautions. Stay safe.

Dear Members,

We understand that securing PPE supplies continues to be of critical importance, so here is an updated summary of resources for accessing it. PPE resources are limited in the Commonwealth and currently, DPH and MEMA are only able to serve as a bridge when an entity has a critically low supply. If you anticipate a supply shortage within the next 5 days and are unable to source the material(s) through your normal supply chain, then you may request PPE through the state [here](#). In an earlier PPE update Mass-ALA provided you with [directions](#) on how to order.

Mass-ALA continues to collect the names of private companies that indicate they can fill orders to purchase certain PPE supplies. Several of these companies are valued **Mass-ALA Business Partner members** who will work closely with you to meet your specific needs.

Here is a list of private companies that can provide PPE supplies:
